

# FMTP

## Financial Management Tactical Platform

### System Description

FMTP is a deployable, modular local area network configured hardware platform, which supports finance and resource management (RM) operations/functions across the entire spectrum of conflict. System functionality includes Vendor Services, Military Pay, Disbursing, Accounting, Travel, and Resource Management.

### Hardware/Software Platforms

#### Software

FMTP is a "system wrapper" which integrates essential Defense Finance Accounting Services (DFAS) systems into a user-friendly package in the deployed environment.

DFAS systems which the FMTP system wrapper allows the user access include:

#### Military Pay

- Defense Milpay Office (DMO)
- Defense Joint Military Pay System (DJMS)(access)
- Defense Standard Inquiry System (DSIS)

#### Vendor Services

- Commercial Accounts Processing System (CAPS)
- Tactical Vendor Pay System (TVPS)

#### Travel

- Integrated Automated travel System (IATS)

#### Resource Management Functions

- Database Commitment Accounting System (dBCAS)

#### Disbursing

- Deployable Disbursing System (DDS)
- Disbursing Office Processing System (DOPS)

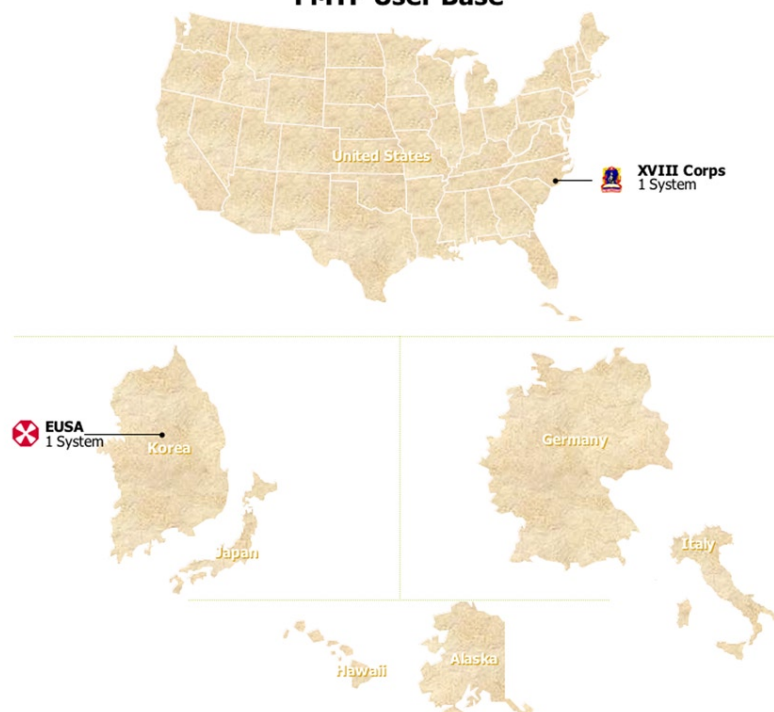

#### Hardware

FMTP operates on non-developmental item (NDI) hardware at all levels of the deployed environment that Finance units may be found. It is fielded in two configurations: basic and expanded. In the basic configuration there are 6 notebook computers, 2 portable printers, 1 file server, and 1 laser printer. In the expanded configuration there are 19 notebook computers, and 2 Laser printers.

#### Telecommunications

FMTP as a deployed system connects to the tactical backbone with the Combat Service Support Automated Information Systems Interface (CAISI). CAISI is also an Associated Support Item of Equipment (ASIOE) to FMTP.

#### FMTP User Base

## Security

FMTP processes Sensitive But Unclassified (SBU) data in a deployed mode.

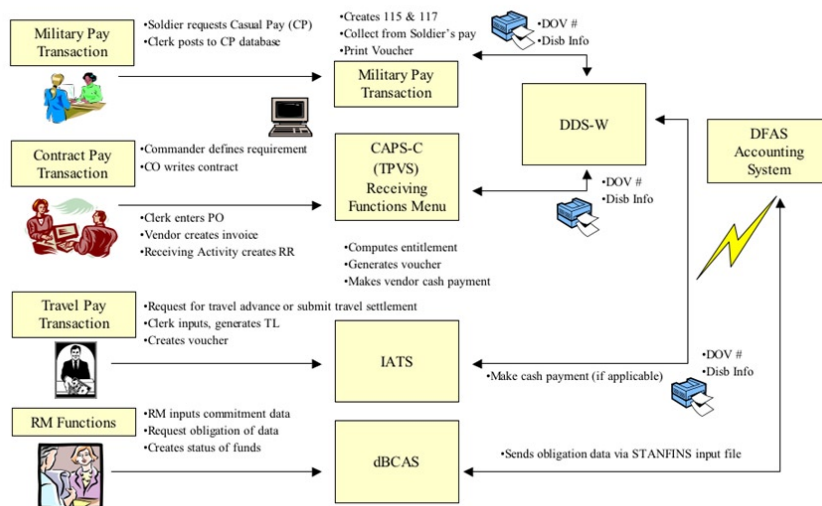

## Benefits

- Capability to provide deployed financial management support equivalent to support provided in garrison
- Allows compliance with congressional/DOD mandated financial management reporting requirements
- Improves internal control which reduces risk of loss of funds

## Fielding Status

There will be 168 systems fielded during Fiscal Year (FY) 04 thru FY 07 after the successful completion of an Operational Evaluation scheduled for the 1st quarter of FY04. All Finance units of the Active Army, Army Reserve, and Army National Guard will receive the FMTP.

## Finance Business Process

**Project Manager Logistics  
Information Systems ( PM, LIS)**  
*COL David Coker, QM*

**Product Manager ALIS**  
*Mr. Michael Verville*

**Assistant Product Manager ALIS**  
*LTC Mae King, FC*

**POC FMTP**  
*Mr. Steve Rose*
